

*What are the PRINCIPLES of Homeopathy?*

ホメオパシーの基本原理は何でしょう？

## 4 Principles ... and 4 Elements 4大原理…と4大元素

In these 3 days we've talked about

- **the relation between similars, FIRE**
- **individuation/individualization, EARTH**
- **different sizes of totality WATER**
- **hidden informations. AIR**

All these processes are connected to the 4 elements.

We've seen that actually these are the basic principles of Homeopathy:

individuality-totality-similarity-infinitesimal  
earth-water-fire-air

この3日間で以下について話してきました。

- **類似について、火**
- **個性化 / 個別化、土**
- **全体性の様々な大きさ、水**
- **隠された情報、空気**

これら全てのプロセスは4大元素に関連している。

これらが実際のホメオパシーの基本原理であることを見てきた。

個別性-全体性-類似性-極微量  
土-水-火-空気

So maybe these are our **ROOTS**:

**Homeopathy is transforming disease into health**

through a

**hidden relation between similar individual totalities**

ならば、これらが私たちの**根源**なのかもしれない

**類似した個別の全体性の間にある**隠された**関連性**を通して

**病を健康に変えるのがホメオパシーである**

The background features a stylized illustration of a human head in profile, facing right. The head is rendered in a light, translucent green color. Overlaid on and around the head are various green elements: large, detailed leaves with prominent veins, smaller leaves, and thin branches with small circular buds. The overall aesthetic is clean and natural, with a soft, ethereal quality. A thin black horizontal line is positioned near the top of the page.
